**DECLARATION OF JOAN E. DAVANZO**

1. My name is Joan E. DaVanzo, Ph.D., M.S.W. I make this declaration in support of LifeNet, Inc.'s motion for summary judgment. I have personal knowledge of the matters discussed below, and if called as a witness I could competently testify to each of them.

2. I am a health care researcher and Chief Executive Officer (CEO) of Dobson DaVanzo & Associates, LLC (Dobson | DaVanzo), a health economics and policy consulting firm located in the Washington DC metropolitan area. The firm was founded in 2007, and over the last fifteen years, the work of our principals has influenced the design of demonstrations and many public policy decisions, and it has appeared in numerous instances in legislation and regulation. Our litigation support efforts have helped courts, plaintiffs, and defendants understand the economic value of various health care matters. We are at the forefront of using administrative data sets to explore payment bundling and other financial issues for both commercial and government clients. We apply decades of experience, access to a broad range of policymakers and subject matter experts, and innovative research techniques to design rigorous and objective analyses that best meet our clients' needs.

3. The Transparency in Coverage Act requires payors to disclose their current in-network rates, for a variety of services, beginning July 1, 2022.<sup>1</sup> At LifeNet’s request, Dobson | DaVanzo obtained and analyzed the raw data that was made public by Aetna of Texas (“Aetna TX”, and “Aetna TX Raw Data”). Specifically:

a. Dobson | DaVanzo downloaded and extracted the machine-readable file (MRF) in JSON format for CY 2021 Texas Federal PPO Aetna Advantage data from the In-Network Negotiated Rates & Allowed Amount Files section of the Aetna MRF website.<sup>2</sup>

b. After extraction, a Python 3 interpreter with the additional “JSON” community tested module was used for converting the machine-readable data. Once that data was loaded, normalized, and reshaped, Dobson | DaVanzo created two CSV files: (i) a contract-level rate file, containing the underlying fee schedule and negotiated rates, and (ii) a contract-to-provider crosswalk.

c. Next, using Healthcare Common Procedure Coding System (HCPCS) codes, Dobson | DaVanzo created and filtered (i) the contract-level rate file, in order to isolate the subset of contract rates associated with the four HCPCS codes for air ambulance services.<sup>3</sup>

d. Next, Dobson | DaVanzo created a base analytic file, by taking the following three steps:

---

<sup>1</sup> See Transparency in Coverage Act Final Rules, 45 C.F.R. § 147.211(b)(1)(iii); *see also* FAQs About Affordable Care Act and Consolidated Appropriations Act, 2021 Implementation Part 49 (Aug. 20, 2021), *available at* <https://perma.cc/B7L7-QEKM>; *see generally* D. Gordon, *New Healthcare Price Transparency Rule Took Effect July 1, But It May Not Help Much Yet*, Forbes.com, July 3, 2022, *available at* <https://perma.cc/3YHP-TQQQ>.

<sup>2</sup> [https://health1.aetna.com/app/public/#/one/insurerCode=AETNACVS\\_I&brandCode=AFEHBPF/machine-readable-transparency-in-coverage](https://health1.aetna.com/app/public/#/one/insurerCode=AETNACVS_I&brandCode=AFEHBPF/machine-readable-transparency-in-coverage).

<sup>3</sup> The four rates are: One-way fixed-wing (A0430); one-way rotary-wing (A0431); fixed-wing per-loaded mile rate (A0435); and rotary-wing per-loaded-mile rate (A0436).

i. Dobson | DaVanzo merged the subset of the contract-rate file with the contract-to-provider crosswalk, using a contract-level identifier to match providers with contracts;

ii. Dobson | DaVanzo added provider names and provider specialty information (when available) to this file, using information that was obtained by matching the National Provider Identifiers (NPIs) in the Aetna data with the May 2022 extract of the National Plan & Provider Enumeration System (NPPES) provider information download file;<sup>4</sup> and then

iii. Dobson | DaVanzo added to that file the Medicare specialty group categories, applicable to each provider, which were obtained from the Provider Taxonomy Code found in a May 10, 2022 extract of the Medicare Provider and Supplier Taxonomy Crosswalk file.<sup>5</sup>

4. Exhibit A to this declaration is a small, randomly chosen subset of the base analytic file, which is intended to illustrate the names and specialty groups of providers for whom the Aetna Raw Data showed air ambulance rates. For each of the randomly chosen providers, Exhibit A contains all underlying fee schedule or negotiated reimbursement rates for air ambulance service codes found in the Aetna Raw Data and associated with that provider. Exhibit A is organized by NPI and known Provider Specialty. The full base analytic file is much larger than Exhibit A, and contains over 5,000 rows of data.

5. Exhibit B shows: (1) the total number of unique providers (i.e., NPIs) associated with that provider specialty type, and (2) for each provider specialty type, the median fee schedule rate of each of the four air ambulance service codes.

---

<sup>4</sup> [https://download.cms.gov/nppes/NPI\\_Files.html](https://download.cms.gov/nppes/NPI_Files.html)

<sup>5</sup> <https://data.cms.gov/provider-characteristics/medicare-provider-supplier-enrollment/medicare-provider-and-supplier-taxonomy-crosswalk/data>

I declare under penalty of perjury that the foregoing is true and correct. Executed on 10/12/2022

  
Joan E. DaVanzo
